## EXPERT SOLUTIONS

Using our own high-grade polyurethane coating system, our specialist engineering teams can restore even the most severely corroded sprinkler tank, significantly extending its life cycle and saving you money on a costly replacement.

**JACQUI BURVILL, FACILITIES MANAGER -  
HODGKIN HOUSE**

"The team were quick to respond to our emergency situation and all the way through they communicated well with us. The team that worked on the tanks were very polite and helpful and had great knowledge of the product and systems in use."

## SPRINKLER TANK RELINES

## EXPERT SOLUTIONS

Since 2011, we've relined hundreds of GRP cold water storage tanks throughout the UK, using our unique range of solvent free polyurethanes, providing an unrivalled level of protection against corrosion and bacteriological contamination.

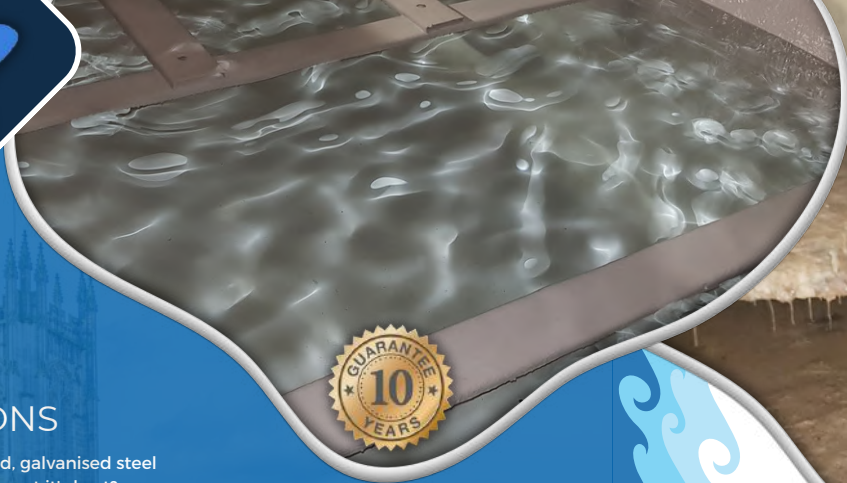

### STEVE REES , COMPLIANCE SURVEYOR - PRIMA GROUP HOUSING ASSOCIATION

From our initial site meetings, communication and delivery of works, Tank Reline provided an excellent service through to completions and I would not hesitate to call upon them in future.

# GRP TANK RELINES

## EXPERT SOLUTIONS

Do you have an old, galvanised steel water tank that is past it's best? Regardless of the condition, Tank Reline can breath new life into dilapidated and corroding steel water tanks. Equipped with a team of highly specialised engineers, we pride ourselves on our commitment to quality and compliance.

**MARK SIMPSON, CONTRACT MANAGER -  
ECG FACILITIES SERVICES**

"They kept disruption to an absolute minimum, attended site in the early hours of the morning to set up bypass systems so that the sites were not affected by any disruption to the water supply. A great job from start to finish, I won't hesitate to use them again"

# STEEL TANK RELINES

## EXPERT SOLUTIONS

**CHRISTOPHER THOMAS, SITE SUPERVISOR -  
MITIE TECHNICAL FACILITIES MANAGEMENT**

"Tank Reline recently relined our water tanks on site. They conducted themselves in a very professional manner and adhered to all site rules as requested. The project was completed on time, with no problems and the work was of a very high standard."

If you want an expert solution to the relining of your concrete water tank, then Tank Reline have over 50 years of industry experience on hand to ensure the work is completed to the highest standard. So whatever the size or condition of your tank, our team can help.

# CONCRETE TANK RELINES

## EXPERT SOLUTIONS

Our cooling tower relining services will not only give your cooling tower a new lease of life by improving compliance, but they will help to dramatically improve the efficiency of your water treatment programme. 98.4% of enquiries responded to within the hour.

**STEPHEN CAPEWELL, TECHNICAL  
OFFICER - STAFFORDSHIRE HOUSING  
ASSOCIATION**

"Our project was completed to the highest  
standard. A professional and trusted  
company."

# COOLING TOWER RELINES

## EXPERT SOLUTIONS

Our cooling tower reline services will not only give your cooling tower a new lease of life, but they will help to dramatically improve compliance and the efficiency of your water treatment programme by reducing levels of corrosion and organic matter.

### ANDREW TEAGUE, PROPERTY MANAGER - KERR & CO

"It was a delight to use this company. They were professional and did an excellent job. We would be very happy to use them again."

# POTABLE TANK RELINES

## EXPERT SOLUTIONS

Once coatings are applied, your plastic tank will have a seamless, durable finish that makes subsequent cleaning easy. Our products retain a 35% flexibility, meaning they won't crack with the natural movement of the tank, and will resist attack by a wide variety of alkali's, salts and organic media.

**PETER LOFTHOUSE, ESTATES  
MANAGER - PENNINE CARE**

"Value for money and an exceptional  
standard of workmanship!"
